

## Grade 4 EVS Worksheet:2 (Difficulty Level: Advance)

Name: \_\_\_\_\_

Date: \_\_\_\_\_

---

### Part 1: Fill in the Blanks

Use the words in the box to complete the sentences.

(Box: **compost, hungry, leftovers, fridge, plan**)

1. To reduce food waste, we should always \_\_\_\_\_ our meals before cooking.
  2. Extra food can be stored in the \_\_\_\_\_ to eat later.
  3. Making \_\_\_\_\_ from food scraps is good for plants and the environment.
  4. Sharing \_\_\_\_\_ with others can help reduce food wastage.
  5. Many people around the world go \_\_\_\_\_ every day while food is being wasted.
- 

### Part 2: Word Puzzle

Find these hidden words in the word search below: **Food, Waste, Save, Plan, Share, Compost, Fridge, Donate.**

(Include a simple 8x8 grid with the words hidden in different directions)

---

### Part 3: True or False

Write **True** or **False** for each statement.

1. Throwing away food that is still good to eat helps the environment.
  2. Buying only what you need can help reduce food wastage.
  3. Composting is a great way to use food scraps.
  4. Leaving food uncovered in the fridge makes it last longer.
  5. Sharing extra food with neighbors is a way to prevent waste.
-

#### Part 4: Think and Answer

Answer these questions in your own words:

1. What happens to food when it is wasted?
  2. Name two ways you can help reduce food wastage at home.
  3. Why is it important not to waste food?
- 

#### Part 5: Creative Corner

Draw and Write:

- **Draw** a picture of a happy kitchen with no food being wasted.
  - **Write** one sentence explaining what you can do to stop food waste.
- 

#### Part 6: Fun Challenge

Write a short poem or song about saving food. Use phrases like:

- “Save your food, it’s the way...”
  - “Don’t throw it away, find a way...”
- 

This worksheet combines advanced thinking with fun activities, making the topic engaging and memorable!
