

## Grade 4 EVS Worksheet:1 (Difficulty Level:Intermediate )

Name: \_\_\_\_\_

Date: \_\_\_\_\_

---

### Part 1: Fill in the Blanks

1. Garbage collection is the process of collecting \_\_\_\_\_ or \_\_\_\_\_ and placing them in the right position.
  2. \_\_\_\_\_ waste includes leftover food, fruit peels, and vegetable scraps.
  3. \_\_\_\_\_ centers process items like paper, plastic, and glass into new products.
  4. Compost is made from \_\_\_\_\_ waste, like food scraps, and helps \_\_\_\_\_ grow better.
  5. The final stage of garbage disposal is \_\_\_\_\_ where non-recyclable waste is buried safely.
- 

### Part 2: Match the Columns

Match the stage of garbage collection with the correct description:

Stages of Garbage Collection	Description
Segregation	a) Burying garbage safely in landfills.
Collection	b) Garbage is separated into wet and dry waste.
Transportation	c) Turning organic waste into compost.
Processing	d) Picking up garbage from homes, schools, or offices.
Disposal	e) Taking garbage to recycling centers or landfills.

---

### Part 3: True or False

1. Garbage collection helps reduce pollution.
2. Wet waste can include broken glass and plastic bottles.
3. Recycling saves natural resources like trees and energy.

4. Compost is harmful to plants and cannot be used in soil.
  5. Littering is a good way to help garbage collectors.
- 

#### Part 4: Short Answer Questions

1. **What is garbage collection?**  
*(Answer in 1-2 sentences)*
  2. **Why is it important to separate garbage into wet and dry waste?**
  3. **Name two ways garbage collection helps the environment.**
  4. **What happens to organic waste at composting stations?**
  5. **List two items that can be recycled.**
- 

#### Part 5: Fun Riddles

1. I'm full of trash, but I'm not dirty. What am I?
  2. The more you use me, the cleaner I become. What am I?
  3. What kind of key opens a trash can?
- 

#### Part 6: Recycling Activity

##### Directions:

Look around your home and write down 3 things that you can:

1. Recycle
2. Compost
3. Throw in the garbage

Write your answers in the table below:

Recyclabl e	Compostabl e	Garbage
----------------	-----------------	---------

---

**Part 7: Multiple-Choice Questions**

1. What is the first stage of garbage collection?
  - a) Collection
  - b) Segregation
  - c) Disposal
  
2. Which of these is an example of dry waste?
  - a) Banana peel
  - b) Plastic bottle
  - c) Leftover food
  
3. Why is garbage collection important?
  - a) To create more garbage
  - b) To keep the environment clean
  - c) To attract pests
  
4. Where is non-recyclable waste sent?
  - a) Recycling centers
  - b) Composting stations
  - c) Landfills
  
5. Which of these can be turned into compost?
  - a) Old newspapers
  - b) Vegetable peels
  - c) Broken glass

---

**Part 8: Word Search**

Find the following words related to garbage collection in the grid below:

**Words to Find:** Garbage, Compost, Recycling, Landfill, Segregation, Collection

RECYCLING  
ABCOMPOST  
NLANDFILL

D S E G R E G A T  
F G A R B A G E H

---

**Answer Key**

**Part 1:**

1. Waste, trash
2. Wet
3. Recycling
4. Organic, plants
5. Landfill

**Part 2:**

1. b) Segregation
2. d) Collection
3. e) Transportation
4. c) Processing
5. a) Disposal

**Part 3:**

1. True
2. False
3. True
4. False
5. False

**Part 4:**

1. Garbage collection is picking up and managing waste to keep the environment clean.
2. Separation helps in recycling and composting different types of waste.
3. Stops pollution, reduces landfills, saves resources.
4. Organic waste is turned into compost to enrich soil.
5. Paper, plastic bottles.

**Part 5:**

1. A trash can.
2. A broom.
3. A skeleton key.

**Part 7:**

1. b) Segregation
2. b) Plastic bottle
3. b) To keep the environment clean
4. c) Landfills
5. b) Vegetable peels
