 - a) To save water.
 - b) To ensure proper recycling and disposal.
 - c) To make waste smell better.

 5. What does a recycling center do?
 - a) Burn waste
 - b) Separate waste into wet and dry
 - c) Turn recyclables into new products
-

Sorting Activity

Sort the following items into **Recyclables** and **Non-Recyclables**:

- Plastic bottle
 - Orange peel
 - Broken glass
 - Newspaper
 - Chip packet
 - Old toys
-

Fun Riddles

Solve the riddles below:

1. I'm green and used for collecting food scraps and wet waste. What am I?

 2. I'm full of trash but make the streets clean. What am I?

 3. I turn old paper into new paper. What am I?

-

Label the Diagram

1. Draw a garbage bin and label its parts (e.g., lid, waste inside).
 2. Draw a landfill and label the layers (e.g., soil cover, garbage, protective lining).
-

Short Answers

1. What happens to organic waste during composting?

2. Name two materials that can be recycled.

3. What is the role of a garbage truck?

4. Why is garbage collection important for the environment?

5. What is the difference between wet waste and dry waste?

Match the Bins

Match the type of waste with the correct bin color:

- Wet Waste: **Green Bin**
 - Dry Waste: **Blue Bin**
 - Hazardous Waste: **Red Bin**
 - Recyclable Waste: **Yellow Bin**
-

Unscramble the Words

Unscramble the following garbage-related words:

1. ERYCICLE _____
 2. OMTOSPC _____
 3. RABEGAG _____
 4. LANDSILF _____
 5. GATESREGION _____
-

Creative Task

Write 3 things you can do at home to help with garbage collection and recycling.

—BE CHAMPION—
