

PERIMETER OF A TRIANGLE WORKSHEET – EASY (CLASS 5)

Name: _____ Date: _____

SECTION 1: Multiple Choice

- Perimeter means:
 - Space inside a shape
 - Distance around a shape
 - Number of sides
 - A triangle has:
 - 2 sides
 - 3 sides
 - 4 sides
-

SECTION 2: True or False

- Perimeter is found by adding all sides. _____
 - A triangle has 4 sides. _____
 - An equilateral triangle has all equal sides. _____
-

SECTION 3: Problem Solving

- Sides = 3 cm, 4 cm, 5 cm
Perimeter = _____
 - Sides = 6 cm, 6 cm, 6 cm
Perimeter = _____
-

SECTION 4: Fill in the Blanks

Perimeter = _____ + _____ + _____

A triangle has _____ sides.

SECTION 5: Real-Life Connection

A triangular garden has sides 5 m, 5 m, and 4 m.

Perimeter = _____

SECTION 6: Draw and Label

Draw a triangle and label its 3 sides.

SECTION 7: Higher Thinking

Why do we add all sides to find perimeter?
