

## Table of 14

| Multiplicand | Operation | Multiplier | Result |
|--------------|-----------|------------|--------|
| 14           | x         | 1          | = 14   |
| 14           | x         | 2          | = 28   |
| 14           | x         | 3          | = 42   |
| 14           | x         | 4          | = 56   |
| 14           | x         | 5          | = 70   |
| 14           | x         | 6          | = 84   |
| 14           | x         | 7          | = 98   |
| 14           | x         | 8          | = 112  |
| 14           | x         | 9          | = 126  |
| 14           | x         | 10         | = 140  |
| 14           | x         | 11         | = 154  |
| 14           | x         | 12         | = 168  |
| 14           | x         | 13         | = 182  |
| 14           | x         | 14         | = 196  |
| 14           | x         | 15         | = 210  |
| 14           | x         | 16         | = 224  |
| 14           | x         | 17         | = 238  |
| 14           | x         | 18         | = 252  |
| 14           | x         | 19         | = 266  |
| 14           | x         | 20         | = 280  |
