

## Table of 89

| Multiplicand | Operation | Multiplier | = | Result |
|--------------|-----------|------------|---|--------|
| 89           | x         | 1          | = | 89     |
| 89           | x         | 2          | = | 178    |
| 89           | x         | 3          | = | 267    |
| 89           | x         | 4          | = | 356    |
| 89           | x         | 5          | = | 445    |
| 89           | x         | 6          | = | 534    |
| 89           | x         | 7          | = | 623    |
| 89           | x         | 8          | = | 712    |
| 89           | x         | 9          | = | 801    |
| 89           | x         | 10         | = | 890    |
| 89           | x         | 11         | = | 979    |
| 89           | x         | 12         | = | 1068   |
| 89           | x         | 13         | = | 1157   |
| 89           | x         | 14         | = | 1246   |
| 89           | x         | 15         | = | 1335   |
| 89           | x         | 16         | = | 1424   |
| 89           | x         | 17         | = | 1513   |
| 89           | x         | 18         | = | 1602   |
| 89           | x         | 19         | = | 1691   |
| 89           | x         | 20         | = | 1780   |
