

## Table of 720

| Multiplicand | Operation | Multiplier | Result  |
|--------------|-----------|------------|---------|
| 720          | x         | 1          | = 720   |
| 720          | x         | 2          | = 1440  |
| 720          | x         | 3          | = 2160  |
| 720          | x         | 4          | = 2880  |
| 720          | x         | 5          | = 3600  |
| 720          | x         | 6          | = 4320  |
| 720          | x         | 7          | = 5040  |
| 720          | x         | 8          | = 5760  |
| 720          | x         | 9          | = 6480  |
| 720          | x         | 10         | = 7200  |
| 720          | x         | 11         | = 7920  |
| 720          | x         | 12         | = 8640  |
| 720          | x         | 13         | = 9360  |
| 720          | x         | 14         | = 10080 |
| 720          | x         | 15         | = 10800 |
| 720          | x         | 16         | = 11520 |
| 720          | x         | 17         | = 12240 |
| 720          | x         | 18         | = 12960 |
| 720          | x         | 19         | = 13680 |
| 720          | x         | 20         | = 14400 |
