

## Table of 745

| Multiplicand | Operation | Multiplier | Result  |
|--------------|-----------|------------|---------|
| 745          | x         | 1          | = 745   |
| 745          | x         | 2          | = 1490  |
| 745          | x         | 3          | = 2235  |
| 745          | x         | 4          | = 2980  |
| 745          | x         | 5          | = 3725  |
| 745          | x         | 6          | = 4470  |
| 745          | x         | 7          | = 5215  |
| 745          | x         | 8          | = 5960  |
| 745          | x         | 9          | = 6705  |
| 745          | x         | 10         | = 7450  |
| 745          | x         | 11         | = 8195  |
| 745          | x         | 12         | = 8940  |
| 745          | x         | 13         | = 9685  |
| 745          | x         | 14         | = 10430 |
| 745          | x         | 15         | = 11175 |
| 745          | x         | 16         | = 11920 |
| 745          | x         | 17         | = 12665 |
| 745          | x         | 18         | = 13410 |
| 745          | x         | 19         | = 14155 |
| 745          | x         | 20         | = 14900 |
