

## Table of 48

| Multiplicand | Operation | Multiplier | = | Result |
|--------------|-----------|------------|---|--------|
| 48           | x         | 1          | = | 48     |
| 48           | x         | 2          | = | 96     |
| 48           | x         | 3          | = | 144    |
| 48           | x         | 4          | = | 192    |
| 48           | x         | 5          | = | 240    |
| 48           | x         | 6          | = | 288    |
| 48           | x         | 7          | = | 336    |
| 48           | x         | 8          | = | 384    |
| 48           | x         | 9          | = | 432    |
| 48           | x         | 10         | = | 480    |
| 48           | x         | 11         | = | 528    |
| 48           | x         | 12         | = | 576    |
| 48           | x         | 13         | = | 624    |
| 48           | x         | 14         | = | 672    |
| 48           | x         | 15         | = | 720    |
| 48           | x         | 16         | = | 768    |
| 48           | x         | 17         | = | 816    |
| 48           | x         | 18         | = | 864    |
| 48           | x         | 19         | = | 912    |
| 48           | x         | 20         | = | 960    |
