

Grade 4: Bar Graph Practice Worksheet: Difficulty Level: Advanced

Name: _____

Date: _____

1. The bar graph below shows the number of different animals in a wildlife sanctuary.

Questions:

- How many more deer are there than tigers?
 - What is the total number of animals in the sanctuary?
-

2. The bar graph below shows the number of books read by students in four months.

Month	Books Read
January	20
February	25
March	30
April	?

Questions:

- a) If the trend continues, how many books will be read in April?
b) What is the total number of books read in all four months?
-

3. Comparing Two Graphs

The following bar graphs show the number of students who participated in school trips to two locations.

Destinati on	Students from Grade 4	Students from Grade 5
Museum	22	18

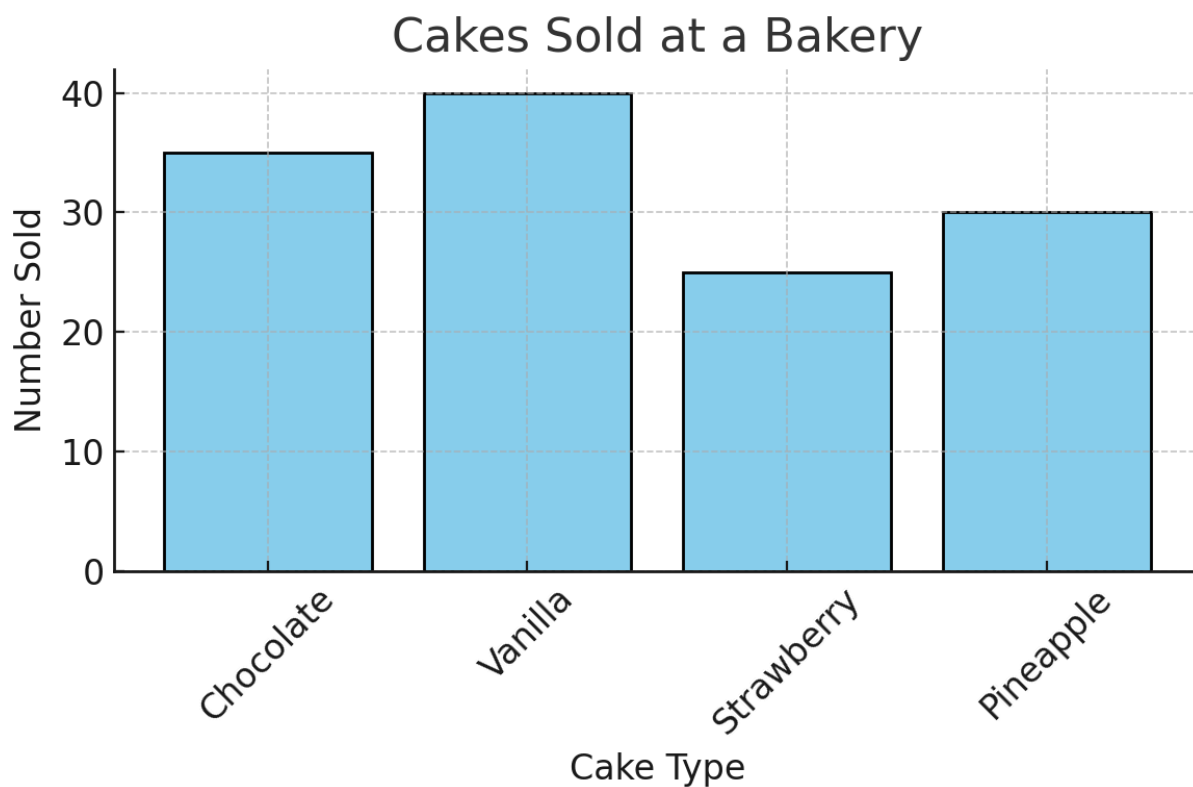

Zoo	30	35
-----	----	----

Questions:

- Which grade had more total participants across both trips?
 - How many more students visited the zoo than the museum?
-

4. Real-Life Applications

The bar graph below shows the number of cakes sold at a bakery.

Questions:

- If each cake costs Rs. 300, how much money was earned from selling vanilla cakes?
- Which two cake types together sold the most?
