

Class 10 Mathematics - Polynomials

Name: _____

Date: _____

Medium Worksheet 2

Questions

1. How many zeroes does the polynomial have?
2. Identify the zeroes from the graph.
3. What is the degree of the polynomial represented?

4. What type of graph is shown?
5. What are the x-coordinates of the points where the graph cuts the x-axis?
6. Can a quadratic polynomial have more than two zeroes?

Answer Key

1. Two
2. -1 and 4
3. 2
4. Parabola
5. -1 and 4
6. No
